

September 25, 2020 Update

Indiana is moving to Stage 5 and what it means for Crossroads YMCA

Crossroads YMCA has been able to reopen with care and be the safe place for over 275,000 visits this summer amidst the COVID-19 pandemic. We have achieved this **safely** because of our diligent safety protocols: thermal imaging temperature checks, wearing masks, distancing, disinfection, and design of programs. Due to strict adherence to these safety measures the Y has become the safe place for families to be active and have fun in a safe & healthy way.

As our state enters Stage 5, here are the protocols that remain in place:

- Temperature checks upon entry to building.
- Wearing masks when in the facility but not during high exertion exercise or while in the pool.
- We will continue to limit class size where safety practices cannot be sustained.
- We will continue to practice physical distancing.
- Reserving your spot for group exercise via daxko app.
- Rigorous cleaning protocol.
- Steam Rooms and Saunas will remain closed due to our inability to guarantee physical distancing and a sanitized environment.

As our state enters Stage 5, These are the changes that will occur:

- Pick-up basketball games will available beginning September 26th.
- Senior specific programming.
- Guest passes for members will be available.
- We will ease our class size limits where safety practices can be maintained.
- YMCA nationwide memberships will be honored.
- Towel service will be reinstated (where previously available)
- Building hours will return to normal by November 1st.
- Modified Sports league play will be available beginning November 1st.

Ratios & Safety practices in all areas will continue to be re-evaluated to ensure we serve members and participants safely.
