LAP SWIM GUIDELINES

- **NEED:** If there are no open lanes, swimmers are expected to share lanes with others.
- **SPEED:** Gauge the speeds of each lane and join the lane where the swimmers swim at your speed.
- **SHARE:** If there are two of you in a lane, you can stay on sides. Three or more swimmers in a lane must circle swim. Always discuss with the other swimmer what the plan for sharing is.
- **CARE:** At all times be aware of what is going on within your lane.
- A lifeguard typically knows the best lane for you to enter, so please ask the lifeguard for assistance or any other questions.
- Smile and enjoy your workout. When we work together, lap swimming can be a wonderful experience for all levels of fitness.
